

# Zip Sitemaster

IP23 Upright heavy-duty water cooler for bottle/carafe filling

Designed for the industrial sector such as factories and building sites, the Zip Sitemaster water cooler is now available with a heavy-duty carafe, a perfect fit for site sheds and locations where clean cool drinking water and hygiene are essential.

Zip Sitemaster Heavy-Duty Carafe will keep up with the demands of busy locations, enabling people to refill water bottles with a sanitary and safe heavy-duty carafe, featuring a self returning (spring loaded) lever.

Zip Sitemaster has an IP23 rating for OH&S compliance for effective protection against water spray penetration, intrusions or manual contact with internal parts.

## Zip Sitemaster features

- Chilled water up to 140 glasses per hour (200ml glasses)
- Large stainless steel 3.5 litre storage tank
- Internal 500kPA pressure limiting valve
- White powder-coated steel case with stainless steel bowl
- Plumbed to waste
- Heavy-duty adjustable feet
- Removable condenser cover for cleaning
- Optional internal mechanical leak detector
