Tap	Bubbler and Carafe tap
-----	------------------------

Installation

Installation requirements

'1. Installation and connection of your Zip upright chiller must be carried out by a qualified person, observing national and local regulations. 2. You will require suitable mains potable water and waste connection and suitable mains electrical connection close to the unit. 3. Your Zip Upright chiller is fan cooled and requires a ventilation gap of 50mm on all sides. 4. To be positioned for easy access and on a level surface. 5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit. 6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com'
