Innovative easy-to-remove pop-out design

Why pop-out?

The Pop-out waste does exactly what its name suggests — the top section of the waste simply pops out (or pulls out). This patented innovation has significant advantages including:

- **REMOVABLE** The top of the waste is completely removable. Easy access, easy cleaning.
- **ANTI CLOG** The 'prongs' on the top section of the waste are designed to catch debris (including hair) as it flows into the waste. The streamlined simplicity of this design makes it easy to keep clear and clean.
- **ANTI SEIZE** The pop-out design eliminates the possibility of the plug seizing in the waste.
- **OPEN DESIGN** The openness of the design promotes efficient drainage.
- **COMPATIBLE** with Lithos natural stone waste caps (supplied with Lithos basins).

More features

- **PREMIUM QUALITY** Durable, high quality finish — all components are premium quality.
- **SEIMA UNIVERSAL DESIGN** Suits 32 and 40 mm waste holes; suits overflow and non-overflow.

Order codes

192010	Pop-out Basin Waste — Chrome
192012	Pop-out Basin Waste — Brushed Nickel
192199	Pop-out Basin Waste — Gunmetal
192013	Pop-out Basin Waste — Brushed Gold
192009	Pop-out Basin Waste — White Matte
192011	Pop-out Basin Waste — Black Matte

Compatible with natural stone waste caps supplied with natural stone basins. Simply screw off the metal cap and replace it with the natural stone cap.

Product details

WASTE OUTLET Universal. Suits 32 and 40 mm waste holes. Suits overflow and non-overflow.

FIXING Must be fitted by a licensed plumber. Warranty does not cover any fault caused by installation or part installation by an unlicensed person. Please refer to the diagram for installation guidelines. It is essential that the waste is sealed correctly using silicone where shown.

MATERIALS Solid brass base, plated/coated to achieve the colour finishes. The transparent flexible ring is premium quality.

CLEANING Clean with soapy water. Do not use corrosive or abrasive cleaners.

Easy to install

Chrome base

Ceramic waste cap and chrome pop-out base

Ceramic wastes offer a streamlined look for your ceramic basins. You can match the waste with your basin or choose a contrasting colour (eg black dome on white basin).

- The ceramic waste cap simply screws onto the pop-out base.
- Pop-out base has chrome finish.

FLOOR EXIT – PIPE ONLY – CHROME	
191824	Chrome floor exit pipe

Product details

WASTE	Suits 40 mm wastes.
FIXING	Must be fitted by a licensed plumber. Warranty does not cover any fault caused by installation or part installation by an unlicensed person. Ensure all o-rings are lubricated with silicone based lubricant. Fit connection pipe to plug and washer. Adjust trap height (trim connection pipe as required) to line up with wall outlet pipe and ensure there is a minimum 1.5 degree fall in the outlet pipe when installed. Measure and trim outlet pipe, ensuring there is adequate allowance for pipe and rubber seal to fit into DWV female socket. Fit rubber seal over outlet pipe and fit into 40mm DWV female socket. Fit protective cover over outlet pipe prior to final connection to plumbing. Firmly tighten all joints. Do not over-tighten. Test for leaks.
CLEANING	Clean with soapy water. Do not use corrosive or abrasive cleaners.
MATERIAL	Brass alloy base.
