

# MICRON MWF-S7

## UNIVERSAL SHOWER FILTER

### General Information

Say goodbye to unwanted contaminants with the Micron Water Filters S7 Universal Shower Filter — built with a powerful multi-stage filtration system to deliver cleaner, healthier shower water every day.

At the core is advanced carbon technology that targets PFAS “forever chemicals,” supported by de-chlorination strips and KDF media (copper-zinc granules). These layers work together to reduce PFAS, chlorine (even at high temperatures), heavy metals, and other common impurities.

The final stages feature mineral and Vitamin C balls, which infuse Vitamin C into the water to further enhance filtration while helping to restore softer skin, healthier-looking hair, and reduced dryness from chlorine.

With all these layers combined, the S7 provides a powerful defence against contaminants — giving you a fresher, cleaner, and more rejuvenating shower experience.

Designed for mains water supply.

### Features and Benefits

- No pressure reduction
- Easy DIY installation
- Chlorine free water even at high temperatures
- Infused with Vitamin C for softer skin
- KDF media reduces heavy metals and other contaminants
- Multi-layer filtration with PFAS removing carbon technology
- Stainless steel mesh for sediment reduction

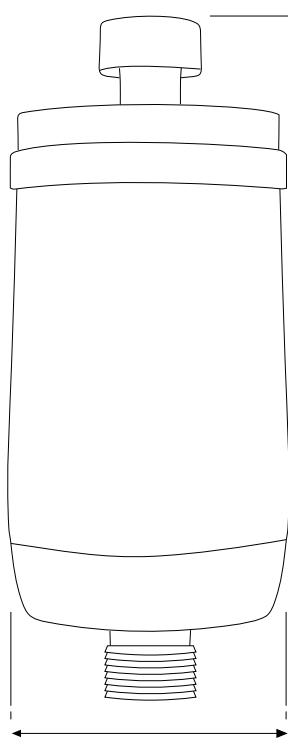

#### Cartridge Replacement and Timeframe Suggestions

S7-1 PFAS and Chlorine reduction filter to be replaced every 3 months or 13,000L<sup>A</sup>

### UNIVERSAL SHOWER FILTER S7

<b>Model</b>	MWF-S7
<b>Product Description</b>	Universal Shower Filter
<b>Filtration Capacity</b>	PFAS, Chlorine, heavy metals, sediment and odour reduction. Infused with Vitamin C balls (Model: S7-1)
<b>Micron Rating</b>	5 micron*
<b>Min/Max Pressure</b>	138 - 860 kPa
<b>Min/Max Temperature</b>	5 - 65°C
<b>Connection</b>	1/2" F x 1/2" M connection
<b>Mounting Options</b>	Swivel Adapter (S7-ADAPTER)
<b>Cartridge Size</b>	110 mm (H) x 52 mm (W)
<b>Compatible Filter System</b>	S7 series
<b>Dimensions</b>	156 mm (H) x 65 mm (W)
<b>Certification</b>	NSF
<b>Warranty</b>	2 Years

\* Micron rating is nominal.

^ Use only genuine Micron Water Filters cartridges. Filter replacement timeframes are guidelines only and may vary with water quality and usage.
